

wppsa@familysportscenter.org

Committed to the success of our youth players, in soccer and in life.....

WPPSA is designed to provide Professional coaching for your young players, at a cost more affordable than classic soccer leagues/academy programs. The WPPSA programs are designed by Nationally licensed coaches, and cover the foundations of soccer. We are committed to provide professional training to the youth athletes in our community at an affordable cost.

Programs Offered.....

WPPSA Practice & Play Program - \$95

Recommended Ages 7-12

This program is designed to offer players ages 7-10 a practice and small-sided game run by professional coaches. Players will practice footskills and basic touches in a fun practice environment for 30 minutes, **then play a 4v4 match (two 20 minute halves) to practice the skills in a game environment.** The program will last 10 weeks, and each player will receive a t-shirt and an award. We have no doubt that your player will improve noticeably from session 1 to the final session. This program will also allow your child to continue to participate in his/her local club leagues, as this training will take place on weeknights in the spring, fall and winter. Let them learn the skills here, and show all the friends on Saturdays at your club!!

WPPSA Just for Kicks Tots Program - \$95

Recommended Ages 2-7

A program just for your little players. For ages 2-6, Just for Kicks will help teach your children balance, coordination, teamwork and soccer. Little ones are engaged with fun activities to help them grow and learn about themselves. The hour ends with a fun-filled soccer game.

Spaces are limited, so sign-up now!!

WPPSA Small Group, Team, and/or Individual Training is also available. Please contact WPPSA via e-mail, or at Family Sports Center to discuss training your player individually, in small group, or team training.

We look forward to hearing from you! Just call us at Family Sports Center (724) 482-2199, or visit our website at www.wppsa.com!
